

**On the cover**

**To understand the future of Silicon Valley, cross the Atlantic: leader, page 9. The strong positions European regulators take on competition and privacy reinforce each other. That should worry American tech giants: briefing, page 17**

• **White-nationalist terrorism**  
Violent white nationalists increasingly resemble the jihadists they hate: leader, page 10. A solitary killer in Christchurch is part of a global movement, page 52. The Christchurch massacre has challenged New Zealanders' image of themselves: Banyan, page 34

• **A new man in Kazakhstan**  
The president resigns, but clearly plans to keep pulling strings, page 31

• **Why female economists are fed up** A dispiriting survey—and our own investigations—demonstrate the poor treatment of female economists in America's universities, page 68. How the economics profession should fix its gender problem: leader, page 11

• **Buzzing off: are insects going extinct?** Insectageddon is not imminent. But the decline of insect species is still a concern: leader, page 12. The long-term health of many species is at risk, page 71

**The world this week**
